

SHC Universal
Perfect Data.

Who We Are

SHC Universal was founded on the ideal of providing the most accurate and cost effective data collection to healthcare, public opinion, and market research industries. SHC Universal continues to lead the field of data collection by utilizing the latest innovative tools and techniques backed with tried and true methods. This ensures that we capture and collect the most accurate and complete data.

Global Access

Our panel and network of over two million is known for its quality respondents and spans the Americas, Canada, Europe and Asia. Our unmatched reach, backed with our rigorous quality control, guarantees that the end result will always be nothing less than perfect data.

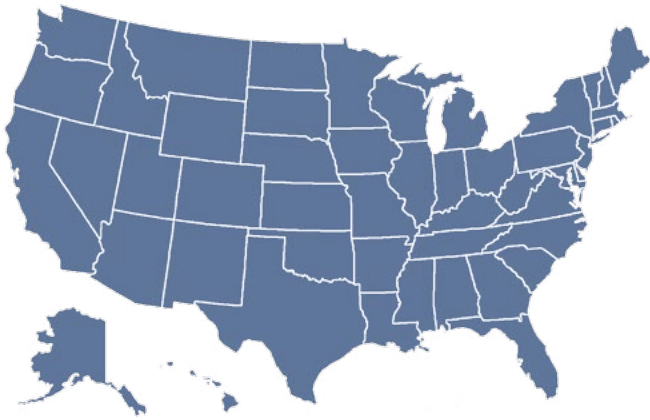

Our experience

With more than 20 years of experience and over thousands of successful national and global surveys, you can feel secure in knowing that we will deliver exceptional results. This will allow you to focus your expertise and resources on project design, analysis, and data interpretation.
